

# Another Freaking Meeting **BINGO**

"Sorry I'm on mute"	Long comment with zero value	Wrap it up please	Full on argument breaks out	Pass the buck
Lies be told	Someone says "That's Above My Paygrade"	Living the Dream	Someone said the word "Rubust"	Doesn't know their camera is on
Full on ego trip	"Let's circle back on that"	<b>FREE SPACE</b>	"Can everyone see my screen?"	"Let's take this offline"
Dog barking in background	Awkward silence after asking a question	Someone joins 10 minutes late and asks for a recap	Fake laugh at a manager's joke	Meeting ends with no decisions made
Someone eats on camera	"We're waiting on one more person..."	Overuse of buzzwords "Synergy," "pivot," "value-add," "alignment"	Quick question..." that's not quick at all	Someone clearly multitasking "Sorry, can you repeat that?"
